

Children with health needs who cannot attend school

Version date: July 26

Review date: July 27

Aims

This policy aims to ensure that:

Suitable education is arranged for pupils on roll who cannot attend school due to health needs.

Pupils, staff and parents understand what the school is responsible for when this education is being provided by the local authority.

Legislation and guidance

This policy reflects the requirements of the [Education Act 1996](#). It also based on guidance provided by our local authority. This policy complies with our funding agreement and articles of association.

The responsibilities of the school

If the school makes arrangements:

Initially, the school will attempt to make arrangements to deliver suitable education for children with health needs who cannot attend school. The individual circumstances will be taken into account.

Arrangements will be coordinated and monitored by the school office and Deputy Head. Work will be set collaboratively with the class teacher. In most instances, work will be made available by the teacher via Class Dojo and other online learning tools such as Purple Mash.

Parents will be contacted by email and/or telephone as appropriate to make arrangements. If the child is under the care of a hospital and attending provision through a hospital school, the school will liaise directly with tutors via email. While the child is away from school, they will be able to maintain communication with their classmates through online learning platforms.

School may refer to the ESMA team via the Local Authority.

When children are ready to reintegrate to school, a reintegration meeting will be held by a member of SLT with the parent and child and an appropriate timetable agreed to transition the child back into the school routine. This may also include the class teacher.

The responsibilities of the Local Authority

If the school cannot make suitable arrangements, the local authority will become responsible for arranging suitable education for these children.

In cases where the local authority makes arrangements, the school will:

Work constructively with the local authority, providers, relevant agencies and parents to ensure the best outcomes for the pupil.

Share information with the local authority and relevant health services as required.

Help make sure that the provision offered to the pupil is as effective as possible and that the child can be reintegrated back into school successfully.

When reintegration is anticipated, work with the local authority to:

Plan for consistent provision during and after the period of education outside the school, allowing the pupil to access the same curriculum and materials that they would have used in school as far as possible

Enable the pupil to stay in touch with school life (e.g. through newsletters, emails, invitations to school events or internet links to lessons from their school).

Create individually tailored reintegration plans for each child returning to school.

Consider whether any reasonable adjustments need to be made.

Monitoring arrangements

This policy will be reviewed annually by Deputy Head. At every review, it will be approved by the full governing board.
